Hello, Jeremy and Dan,

Jeremy, I apologize for this late invitation, but if possible, could you attend a one hour meeting this Tuesday, Dec. 19th, with some NC citizens (landowners and tribal representatives in Eastern NC) and staff from the NC Attorney General's office? Don Hirschman was kind to facilitate a meeting for us last April and this upcoming Tuesday.

The meeting follows up specific concerns which were expressed last April. In coordinating this upcoming Dec. 19, 2017 meeting, I/we felt it was important to keep a narrow focus on very specific issues in light of developments the past months and weeks.

**These concerns are: the violations of landowners, unjust threats and premature use of eminent domain, the sovereignty of indigenous peoples and the plan of Dominion to segment the ACP into South Carolina with the implications that has for North Carolina.**

We are glad you have received the **LUMBEE TRIBAL COUNCIL ADVISORY PANEL REPORT** which was provided by Donna Chavis the other day. It was brought to my attention that a recent meeting in which you were present and which Governor Cooper also attended with tribal leaders, that Governor Cooper indicated he was not aware of threats to landowners.

For this reason, *would it be possible for the governor to also be at this one hour meeting this Tuesday?* I realize this is very short notice and the protocol is usually to go through his scheduler.

The presentation and RECOMMENDATIONS by speakers will include specific requests made to the staff from the Attorney General. We are finalizing the presenters for the meeting. They include:

3-4 Landowners whose farms and property will be directly impacted by the ACP  
Attorneys Jane Finch and David Neale (SELC)  
Donna Chavis-representing the concerns of Indigenous Peoples  
Therese Vick and Barbara Exum speaking on behalf of landowners who have experienced threats, intimidation and fraudulent misrepresentation by Dominion

Many thanks. If you have additional questions, please don't hesitate to contact me. As a coordinator and advocate, it has been such a privilege for me getting to know so many wonderful and committed people the past months in the campaign to stop the Atlantic Coast Pipeline.

Kind regards,

Kay
